# Zucan Lv

Hefei, China | zucanlv@mail.ustc.edu.cn | +86-13883683854 | github.com/zucanlv

### **Education**

### **University of Science and Technology of China (USTC)**

2023.09-Now

Bachelor of Engineering in Computer Science and Technology

- GPA: 3.81/4.3; Average Score: 89.08/100 (Top 15%)
- **Key Coursework:** Data Structure (4.3/4.3), Introduction to Computing System (4.3/4.3), Mechanics (4.3/4.3), Algebraic structure (4.0/4.3), Graph Theory(4.0/4.3)

## **Research Interests**

Multi-agent system, Deep Learning, Embodied AI

# **Research Experience**

Advisor: Prof. Xiaohua Xu

#### Research Intern

University of Science and Technology of China

2024.09-2025.02

- Assisted in proposing a novel multi-agent brainstorming approach that overcomes LLM reasoning limitations and achieves state-of-the-art performance on several challenging tasks.
- Conducted a large-scale dataset collection and processed experimental data.
- Independently completed the writing of the full appendix and assisted in drafting the main text.

# Research Intern (Undergraduate Research Program) Advisor: Prof. Defu Lian

University of Science and Technology of China

2025.01-Present

• Designing an automated research framework based on large models and multi-agent collaboration for scientific practice.

### **Publications**

### **Boosting Reasoning Iteratively by Multi-agent Sequential Brainstorming**

Fifth Author

Underrevision

2025.01

# **Projects**

### **University Teaching Administration System**

- Developed a comprehensive academic management system that supports course selection for students and course management by the school.
- Tools Used: Java, JavaFX, SQL
- Open source: github.com/zucanlv/SECWS

# **Skills**

**Programming:** C, Python, Pytorch, C++, Java, JavaFX

English: CET4: 615; CET6: 558
